### **SENASA Strike**

---

**Buenos Aires, March 24th 2024**

**The State Workers Association (ATE) determined a nationwide strike at the Agricultural Health and Quality Service (SENASA).**

**The strike will potentially impact all operations that require phytosanitary controls. The measure is scheduled to start as from March 26th at 0000hs and for a period of 48 hours.**

**However, at this stage, it is uncertain how would this measure affect operations at each port and terminal. It is possible that the Union set blockades at the main entrances of the ports, mainly if other unions get involved and the conflict escalates.**
